Local Automobile Dealers Elect Officials

Dealers Plan Promotion of New Autos

During the next two weeks, from April 6 to 18, you'll be seeing the symbol and slogan, "Live Better By Far With A Brand New Car," displayed throughout this newspaper in the showrooms of our local car dealers and other places in town. This symbol identifies a movement by the newspaper industry, on behalf of the automobile manufacturers and their local dealers, to dramatize one of the significant achievements of your life—buying and owning a new car.

Hope new car franchised dealers will be making a special effort in the next two weeks to give you the opportunity to make this major decision to "Live Better By Far With A Brand New Car." Look for their announcements in this newspaper. A new car parade will be held Tuesday, April 7 with Hope's white and colored bands in the parade. The parade will form on East Second Street and follow the usual parade route through town. The parade will start at 4:30 p.m.

HADA, president, E. P. Young Sr., stated that a donation had been made to both bands by the car dealers association.

Hope Star readers will remember the Sale-O-Rama auto promotion which was held last May 1-10 by the local dealers. 100 cars and trucks were sold in that ten day period with a dollar value of over \$150,000.

This year, over 800 newspapers, many of them in Arkansas, have joined forces to spearhead the nationwide campaign. The auto makers, franchised dealers and the newspaper industry are pouring a tremendous amount of promotional detail into this project which will be held all over the United States. From start to finish, it will be strictly a newspaper event.

What do the dealers hope to accomplish? Naturally, they want to sell more cars, but as one dealer expressed it, "We also want to flex our muscles and call attention to our position in the community." Automobiles are the heart of the American economy. When car sales are good, millions of dollars in allied business is stimulated at the same time. Vacation time is almost here and since manufacturers do not plan to raise prices on the 1960 models, don't wait for the change over hoping to get a better deal. See your local car dealers in the next two weeks and "Live Better By Far With A Brand New Car."

Weather

Experiment Station report for 24-hours ending at 7 a. m. Monday, High 62, Low 51, no precipitation. Total 1959 precipitation through March, 11.06 inches; during the same period a year ago, 9.39 inches.

Extended Forecast for the Period April 6-April 10: Arkansas: Temperatures 2 to 5 degrees above normal. Normal minima 43 to 50. Normal maxima 64 to 70. No important changes until cooler about Thursday. Precipitation light with few scattered showers Wednesday.

ARKANSAS: Partly cloudy and mild through Tuesday, a few showers Wednesday, mostly late Tuesday, lower tonight 52-54, highest Tuesday in 60s.

By THE ASSOCIATED PRESS Central, northeast, southeast and southwest Arkansas: Clear to partly cloudy.

Search on for Slayer of Youth

GRAFTON, Wis. (AP)—Authorities pushed an intensive manhunt today for the slayer of a 5-year-old boy kidnapped while on the way to a store and found dead of stab wounds in a roadside ditch.

The boy, of Ben Wagner of Milwaukee, was found by a newspaper delivery man making his morning rounds Sunday. Grafton is 15 miles north of Milwaukee.

Ben still had seven cents in his pocket money, clenched in his fist. He had been stabbed five times.

An autopsy performed by Dr. L. J. Van Hecke, Milwaukee County medical examiner, showed the boy had not been sexually molested.

The boy's father, Louis Wagner, 38, wept as he identified the body of his only son. Wagner works in a Milwaukee auto frame factory.

Christ Wilhelm, 6, a playmate of young Ben, told police they met in an alley near their home and that he saw a stranger lure Ben into a car and drive off. The Wilhelm boy said that the man asked them if they wanted a ride and he said no.

Milton Geiger of Milwaukee told police he was driving on Highway 141 Saturday night when he saw a boy frantically waving from the front seat of another automobile. Geiger said he chased the car but lost sight of it when it turned onto a side road.

Brother of Hope Man Dies at Mountain Home

George P. Thomas, aged 63, died Saturday at his home at Mountain Home, Ark.

Survivors include his wife, Mrs. Margaret Thomas of Atlantic, N. J.; a brother, Charles O. Thomas of Hope and a sister, Mrs. Charles S. Wallis of Little Rock.

Services will be held at 3 p. m. Monday at Herndon-Cornelius Chapel, by the Rev. Rufus Sorrell. Burial will be in Rose Hill Cemetery.

Beer Stashed in Tubeless Tire

HOPE POLICE raided Scott Williams' local Negro, Saturday and besides two pints of moonshine, discovered more than a case of beer stashed in two tubeless tires. The tires were mounted and partially aired. The lumps on the side caught the officers' eyes. Officers John Shirley and Chief Jack Brown are pictured above with the beer.

The tires were mounted and partially aired. The lumps on the side caught the officers' eyes. Officers John Shirley and Chief Jack Brown are pictured above with the beer.

Unemployment in U. S. Shows a Decline

WASHINGTON (AP)—President Eisenhower hinted today that unemployment in the month ending March 15 showed a gratifying decline.

The hint came after Eisenhower had conferred for about 35 minutes in the White House with Secretary of Labor Mitchell.

Press Secretary James C. Hagerty volunteered that news conference that the President called Mitchell in to get a report on the government's latest figures on joblessness.

The statistics will be made public Tuesday by the Labor and Commerce departments.

Hagerty, after talking with Eisenhower, said the President believes that the figures for the month ending in mid-March "will be gratifying and of great interest to all Americans."

Asked whether that means that the government will report an improvement in the reduction of unemployment, Hagerty replied only that the new statistics are "pretty good."

The last official government count of the unemployment was 4,749,000 for February. This was an increase of 25,000 over January.

There is a normal decline of unemployment between February and March in the neighborhood of 250,000 to 300,000.

Miss Sarah Payton Dies in Kentucky

Miss Sarah Payton, died unexpectedly Sunday at her home in Louisville, Kentucky. Miss Payton lived in Hope for many years and retired from school teaching while here. Services are incomplete but will be held at Louisville.

One Killed, Four Hurt in Wreck

LITTLE ROCK (AP)—A 14-year-old Negro girl was killed and four other persons were injured when an automobile overturned on a road near here early today.

Dead is Rebecca McKinley of Little Rock.

By THE ASSOCIATED PRESS HOPE, Ark. (AP)—A special 16-page magazine-style "Golden West Pictorial" was issued by the Hope Star last Friday as part of its regular daily edition.

The profusely-illustrated supplement gives a day-by-day account of a two-weeks "newsboy safari" of the West last summer. Written by Editor and Publisher Alex. H. Washburn, the articles were collected and reprinted from the daily issues in which they appeared while the tour was underway. Washburn also took the photographs.

Besides Washburn those who made the trip were Star carriers John Whitten, Curtis O'Steen, Danny Hatfield, Leon Price and Jimmy McGuire and C. M. (Pod) Rogers Jr., the newspaper's circulation manager.

Washburn said that to his knowledge the pictorial was "the first thing of its kind ever offered by an Arkansas newspaper—a 35mm picture edition produced by offset."

He said copies had been sent to all newspapers, both dailies and weeklies, in the state and to all magazines published in Arkansas.

Bolar Returns From Forestry Workshop

Max Bolar, Forestry Specialist from Hope; Dr. H. C. Dean, State Soil Scientist from Little Rock and J. T. Beebe, Forestry Specialist from Monticello returned to Arkansas Saturday night from Jekyll Island, Ga. where they took part in a week long workshop on soils site evaluation for woodlands.

This workshop, held for 30 forestry and soil specialists employed by the Soil Conservation Service in 12 Southern states, was conducted by Jim Case, Washington Field Representative formerly of Hope. Guests at this workshop were Douglas Craig, Assistant Regional Forester of the U. S. Forest Service, and the State Forester of Georgia.

One of the field trips made was to see drainage of large tracts of pine forests on the mainland as a means of increasing timber production. These forests are owned by several pulp and lumber companies.

Pictorial Set New High for Circulation

The Golden West Pictorial had a total cash advance sale of 1,448 extra copies and made last Friday's edition the largest one-day circulation in the history of Hope Star. It was announced today by A. H. Washburn, editor and publisher.

Extra sales through Star carrier boys totaled 1,033; advertisers ordered an additional 225; and single wrap mailouts accounted for 90 more, making a total of 1,448 paid, in addition to normal paid circulation.

The management sent out another 295 copies on the exchange and free list, including every daily and weekly newspaper, and every religious, professional and labor periodical in Arkansas. This raised the total extra distribution, counting both paid and complimentary, to 1,743.

Friday's gross press run on the home-print standard 8-page main news section, with the 16-label-page offset-printed Pictorial as an insert, was 5,500—a new record for the Star. The previous gross press run mark was 5,000 copies—for the 1936 Arkansas Centennial.

Below is an account of the Golden West Pictorial offset-printed magazine carried by The Associated Press on this afternoon's Arkansas wire:

By THE ASSOCIATED PRESS HOPE, Ark. (AP)—A special 16-page magazine-style "Golden West Pictorial" was issued by the Hope Star last Friday as part of its regular daily edition.

He said copies had been sent to all newspapers, both dailies and weeklies, in the state and to all magazines published in Arkansas.

UA Freshman Found Shot to Death

GILLET, Ark. (AP)—Nineteen-year-old Ernest Charles Scholz, a freshman at the University of Arkansas, was found shot to death at his home here Saturday night.

Coroner Russell McCollum of Stuttgart said that his 16-gauge pump shot gun apparently discharged accidentally.

The body was discovered on a rear porch by his parents, Mr. and Mrs. Charles Scholz, when they returned home from a dry goods store they operate.

Scholz had told his parents earlier in the day that he planned to drop the shotgun before returning to the university yesterday. He had been home for the Easter holiday.

Besides his parents, survivors include a sister, Mrs. George L. Schmidt, who lives in Wisconsin.

Protest Raises Question of Red Willingness

By LEWIS GULICK WASHINGTON (AP)—A renewed Soviet protest over a U.S. plane flight into Berlin raised new questions today about Soviet willingness to settle German problems.

Moscow accused the United States of deliberately violating Berlin corridor regulations with the aim of wrecking chances of agreement at the Geneva big power foreign ministers conference slated to start May 11.

The State Department declined comment pending a study of the note, but U.S. officials informally rejected the Soviet contention and denied any violation.

The Red protest referred to the March 27 flight to Berlin at 20,000 feet altitude of a C-130 S. air transport plane. The Soviets said Western flights to the Communist-controlled city must not top 10,000 feet.

While U.S. disagreement with the Soviet charge was evident, the question remained as to what response to make. Foreign ministers of the 12-nation NATO have just concluded a three-day meeting with avowed determination to make the Geneva talks as fruitful as the Soviets will allow.

A final communique Saturday declared the NATO members' Continued on Page Three

Jury Finds Negro Guilty of Burglary

A Hempstead County Jury this morning found Theodis Lindsey, local Negro, guilty of burglary and sentenced him to two years in Arkansas State prison.

Lindsey was arrested by City Police for breaking into Russell's Market on West Third.

Mrs. Alma Moses, 72, Dies at Daughter's Home

Mrs. Alma Moses, aged 72, a longtime resident of Hope, died Saturday at the home of a daughter, Mrs. Wallace Cook.

She is also survived by two other daughters, Mrs. Henry Babcock and Mrs. Harry Boswell of Hyattsville, Maryland and Dr. John McLeanahan. Burial by Herndon-Cornelius was in Rose Hill Cemetery.

Girl Thrown From Truck, Injured

City officers reported today that Sylvia Jean Yocom, Hope, was injured Saturday when she was thrown from the back of a pickup truck as the vehicle rounded a curve at Third and Washington Streets.

She suffered a broken collar bone and bruises. Officers listed the driver of the truck as George Perry. Another girl riding in the back wasn't thrown out when Perry turned the curve.

Meet Called to Talk Over Pea Planting

Farmers interested in the production under contract of black-eyed and purple hull peas for a frozen food company are invited to a meeting at the Hope City Hall on Wednesday afternoon, April 8, at 1:30 o'clock.

Bert Atkins, the field man of the Whiteco, Inc. of Bald Knob, Ark., will explain the production and contract details of his organization for the peas. County Agent Oliver L. Adams urges all farmers with a possible interest to be present to secure information and other details at 1:30 Wednesday.

Integration by Local Vote Gets Almond's Plea

By JOHN F. DAHERON RICHMOND, Va. (AP)—Gov. Lindsay Almond, Jr. today commended the Arrow Commission plan to the General Assembly as the best available step to deal with school integration without wrecking public education in Virginia.

He gave unqualified backing to the study commission plan that would leave to localities the choice between racially mixed classrooms or no public schools.

In a personal appearance before a joint Assembly session, Almond defended the commission plan—and himself—against the accusations of some ardent segregationists that the state is throwing in the sponge in the school battle with the federal courts. He made a Civil War comparison.

"The program recommended by the commission is not one of defeatism or surrender," Almond said. "It may be that we have witnessed Gettysburg, but if we will and work together for the best interests of Virginia, there will be no Appomattox."

The school plan, approved by 31 of the 40 members of a commission headed by State Sen. Mosley G. Perrow of Lynchburg, is designed to contain school integration to a minimum. It would supplant the court-ordered massive resistance program whose demise resulted in the admission of 30 Negro pupils into white schools of Arlington, Norfolk, and Alexandria this year.

It gives localities the option of continuing public schools with integration or permitting public schools to wither away by withholding local tax support. Absence of local support would cut state school financial aid to a constitutional minimum under which schools could not be effectively operated.

This part of the plan is keyed to state aid for scholarships of up to \$250 per pupil in private schools not affiliated with any church.

Loggett's attorney, Kenneth Coffelt, immediately filed notice of intention to appeal to the U.S. Supreme Court.

The latest action involves Coffelt's attempt to force state prison Supl. Lee Henslee to empanel a jury to rule on Loggett's sanity.

An old law permits the superintendent to call such a jury but Henslee declined to do so. He was upheld by the Jefferson circuit Court and the Supreme Court.

Loggett, now 21, has been in the death cell at Tucker Prison Farm since June, 1958. He was sentenced to death for the strangulation slaying of 14-year-old Joe King near Jacksonville in December, 1955.

Coffelt also asked if the Supreme Court could stay delivery of an execution mandate to Gov. Orval B. Faubus pending action on the appeal to the federal court.

A spokesman for the court said a decision on the mandate probably would be reached later this week. It is not necessary for the court to stay the execution because an appeal to the U.S. Supreme Court is pending.

W. E. Sanders, 75, Dies at His Home Here Sunday

William E. Sanders, aged 75, retired farmer and callerman of Hope, died at his home Sunday. He had lived in this town 42 years. He was a Baptist.

Survivors include his wife, a son, Cecil Sanders of Hope; three daughters, Mrs. Bessie Womble and Mrs. Lula Appligate of Hope and Mrs. Jeanele McKenzie of Tullahoma, Tenn.; three brothers, Harry, Estell and Harris Sanders of Tullahoma.

Services were held at 1 p.m. Monday at Spring Hill Baptist Church by the Rev. David Ratley and Rev. Mauldin. Burial by Oakcrest was in Foster Cemetery.

All Around Town

By The Star Staff

Police discovered a unique beer hiding place in a raid during the weekend. . . . Officers Brown, Rothwell, Sinyard, Rowe and Shirley searched Scott Williams' home and found two pints of untaxed liquor. . . . they also found two mounted tubeless tires. . . . they held a case and a half of canned beer.

It's a small world two Hope girls discovered when they met each other at a puppet show in Salzburg, Austria. . . . Mary Lewis, daughter of Mr. and Mrs. P. W. Lewis, a student in Scotland, and Janet McKenzie, daughter of Dr. and Mrs. Jim McKenzie, a student in England, were on separate spring vacation trips from their schools when they met unexpectedly for the first time since leaving Hope last summer.

A member of the First Methodist Church requests the two boys who removed the public address system from the Century Bible Class Sunday School room last Tuesday night to please return it and no questions will be asked.

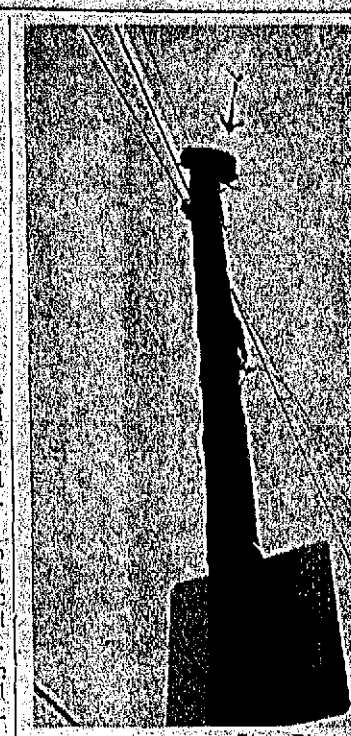

Donations are needed for the upkeep of Mouser Cemetery at Rocky Mount. . . . If interested please send contributions to Mrs. Norman Taylor, Hope Rt. 2.

A Booster Club meeting has been called for 7:30 p.m. Tuesday in the band building, Jamie Russell announced.

Mrs. Teresa Williams Ford, daughter of Mr. and Mrs. Lamar Williams, was listed on the special semester honor roll at Texas Women's University at Denton, Texas. . . . Teresa, a Junior, is a 1958 Hope High Graduate.

Mrs. R. G. Shuffield of McCaskill, has been named to head the Red Cross drive in Redland township. . . . she will be assisted by representatives in various communities of the township.

The April term of Hempstead Circuit Court got underway today with Judge Lyle Brown presiding.

OPOSSUM up a tree? Hardly, this one was up a light pole, next to the arrow, next to ideal. Some folks would like you to believe he climbed there himself. But others insist that a couple of boys put him up there last night.

Court Puts Leggett Nearer Chair

LITTLE ROCK (AP)—The Arkansas Supreme Court, apparently put Emmet Earl Loggett a step closer to the electric chair today by denying a rehearing in the latest phase of the complicated three-year-old murder case.

Loggett's attorney, Kenneth Coffelt, immediately filed notice of intention to appeal to the U.S. Supreme Court.

The latest action involves Coffelt's attempt to force state prison Supl. Lee Henslee to empanel a jury to rule on Loggett's sanity.

An old law permits the superintendent to call such a jury but Henslee declined to do so. He was upheld by the Jefferson circuit Court and the Supreme Court.

Loggett, now 21, has been in the death cell at Tucker Prison Farm since June, 1958. He was sentenced to death for the strangulation slaying of 14-year-old Joe King near Jacksonville in December, 1955.

FBI Ordered to Keep Pressure on Underworld

WASHINGTON (AP)—Atty. Gen. William P. Rogers today asked federal prosecutors to keep continual pressure on underworld hangers-on in cooperation with local law enforcement agencies.

Opening the annual conference of U.S. Attorneys, Rogers said he was gratified by the results, thus far, of the long-term push against hoodlums which he announced in April, 1958.

The past 12 months, he said, have seen successful prosecutions of a number of well-known underworld characters as a result of pooling of information by all levels of police authority. The effort must be sustained, the attorney general added.

He singled out for public condemnation Prosecutors Arthur J. Christy of New York City and his staff, who last week succeeded in convicting Vito Genovese, notorious racketeer, on charges of heading an international narcotics ring.

Fourteen associates were convicted with Genovese, who is reported to have made some \$10 million during a long career in racketeering.

Hoover told the attorney that crime is currently costing "decent citizens" around \$2 billion dollars a year and must be fought vigorously.

"It wants to reiterate my firm conviction that crime and racketeering are primarily local problems. They can be analyzed and combated most effectively in the local communities where they exist."

The drive against organized crime and racketeering is one of the top subjects for the two-day meeting of 94 U.S. Attorneys from as many districts in the states and territories.

Raging Fire Destroys Ft. Smith Plant

FT. SMITH, Ark. (AP)—A raging fire early today destroyed a furniture manufacturing plant here and damaged another nearby plant and a house.

The V. I. R. Manufacturing Co. was leveled. Company officials estimated the loss at \$400,000.

Flames from the building leaped to the neighboring plant of the Rush Manufacturing Co. which makes furniture. Heavy damage was caused to the upstairs storage room of the Rush plant. The firemen could subdue the blaze.

Damage to the Rush building and materials in the store room was figured at \$100,000 by one of the owners.

The fire also ignited the roof of a house occupied by Mr. and Mrs. James "Pinker" The Pinkers, who moved in only yesterday. They fled to safety. The roof and part of the rear walls of the house were destroyed.

A small frame storehouse which belonged to the Rush firm also burned.

Origin of the fire was unknown. There were no injuries. Insurance covered part of the loss to the two manufacturing firms.

Auto Damaged in Collision With Truck

On North Hazel Saturday night an auto driven by David McKee was badly damaged in a collision with a two-ton truck driven by James I. Bain.

City officers said Bain pulled onto the wrong side of the road and hit the McKee car. Officers Rowe, Shirley and Bush charged Bain with driving while intoxicated.

Girl Injured When Auto Overturns

Peggy Ware of Hope was injured Saturday night when the auto she was driving went out of control and overturned on a curve on Highway 4 near Municipal Airport. She was riding alone.

She suffered a bruised hip and arm. A Herndon-Cornelius ambulance brought her to a local hospital. Officers Ward and Dawkins said the auto, a 1951 Ford, was badly damaged.

Mobile Robot With TV Eyes Developed

CLEVELAND (AP)—Development of a mobile robot with television eyes was reported today that the fifth Nuclear Congress here.

Called the Mobot, Mark I by its developer, the Hughes Aircraft Co., the robot looks like a fork-lift with flexible steel arms and TV cameras.

Dr. John W. Clark, head of Hughes' nuclear electronics department at Culver City, called the robot the first of "a new family of remote control handling machines" for use in hot labs in nuclear research.

Dr. Clark envisioned a variety of other applications, from work on the ocean floor, where the robot would be controlled by a ship-board monitor, to gathering samples on the moon while scientists controlling it relaxed in the relative comfort of a rocket ship.

One of the stars of the atom fair is a nuclear head conversion generator designed and built for the Atomic Energy Commission by the Martin Co.

The generator, smaller and more efficient than a cousin that was shown off by President Eisenhower Jan. 16, powers a radio transmitter which will use the call letters WBNPC during the six-day congress. Sunday WBNPC reached a high in Albuquerque, N. M.

Calls for Faster Plane Production

WASHINGTON (AP)—The chief of America's strategic bomber fleet contends plane and missile production must be boosted if the United States is to maintain the power to deter the Soviet Union from war.

"We have the deterrent posture today. We can lose it tomorrow," Gen. Thomas S. Power told a House Appropriations subcommittee in a closed-door hearing Feb. 13. "A heavily censored transcript of his remarks was made public Sunday."

Power, head of the Strategic Air Command, called for faster and greater production of B-52 and B-36 bombers, and Atlas intercontinental ballistic missiles.

Asked how important he viewed

the recommendations, Power replied: "I think you are just risking the whole country. That is how important I feel it is. If you do not deter (the Soviets) nobody is going to win a thermonuclear war."

Live Better by Far With a New Car

AUTOMOBILE DEALERS throughout Arkansas are taking part in the nation-wide event which is being staged during the period of April 6 through April 18, which is publicized under the banner "Live Better by Far With a New Car." Appreciating the fact that the automobile industry plays a major part in the progress, economy and prosperity of the nation, newspapers all over America are cooperating with their local automobile dealers as well as the automobile industry as a whole, in staging and publicizing this sales event.

Governor Faubus has proclaimed the two weeks of April 6 through April 18 as "Live Better by Far With a New Car" time in Arkansas. Appearing in the picture with the governor when the proclamation was signed with some of the dealers advertising material in the background is George Benjamin, Secretary of the Arkansas Automobile Dealers Association, who is also Secretary of the Greater Little Rock Automobile Dealers Association and at the governor's left, Fred Balch, Jr., President of the dealers association.

Sentence of Man for Rape Delayed

EL DORADO, Ark. (AP)—Former sentencing of Lonnie B. Mitchell, convicted last week of rape, was postponed today until next Saturday.

Mitchell, a 23-year-old Negro, was found guilty of rape of a 77-year-old white woman. The jury fixed punishment at death in the electric chair.

Judge Claude E. Love delayed pronouncing sentence to permit J. S. Thomas, Mitchell's court-appointed attorney, to file a motion for a new trial.

His recommendations, Power replied:

"I think you are just risking the whole country. That is how important I feel it is. If you do not deter (the Soviets) nobody is going to win a thermonuclear war."

Search for 21 Fugitives Is Spreading

JESSUPS, Md. (AP)—Hundreds of state police, National Guardsmen and volunteers pressed a search today for 21 fugitives still at large after a mass prison break Sunday night.

Thirteen were seized within a few hours of the escape shortly after 7 p.m. at the Patuxent Institution for Delinquent Defendants. The inmates had overpowered two unarmed guards and seized their keys with which they opened six doors.

It was the largest break in the history of Maryland prisons, said State Supt. of Prisons James W. Curran.

The institution, a kind of model reform school, aims at rehabilitating young lawbreakers who have unusual mental and emotional problems. Those who escaped were convicted of robbery, larceny or burglary. Most were in their 20s.

The escape plot boiled into action suddenly Sunday night as 64 prisoners were looting in two recreation rooms on the first floor. A group of inmates grabbed guard John Wilson, 44, threw him to the floor and seized his keys. They unlocked two doors, overpowered John's twin brother Hugh, grabbed his keys and opened four more doors.

Try to Oust G&F Board Member Fails

LITTLE ROCK (AP)—The Arkansas Supreme Court today rejected an attempt to oust Riley N. Donoho of Fort Smith as a member of the Game and Fish Commission.

The court turned down a contention of Dr. S. A. Drennon of Stuttgart and other 6th Congressional District taxpayers that the district was not represented on the commission.

The unanimous opinion said that Dr. H. Burge of Lake Village represents the 6th District even though he originally was appointed to the commission as a member at large.

Gov. Orval E. Faubus appointed Donoho to the commission in 1936 to succeed F. H. McCormack of Stuttgart, who had represented the 6th District Donoho, designated a member at large, lives in the 3rd District. Dr. Burge already was on the commission under an "at large" appointment.

Dr. Drennon and his associates sought to force Atty. Gen. Bruce Bennett to bring an action to get Donoho off the commission. Bennett refused, was upheld by the Pulaski Circuit Court and, today, by the Supreme Court.

In its opinion, the Supreme Court said the fact that Dr. Burge was and is designated as "member at large" does not gain say the fact that he resides in the present 6th Congressional District.

"Add the words 'member at large' did not change his residence any more than placing 'Dr.' in front of his name limited him to representation of his profession."

The Game and Fish Commission was set up in its present form under constitutional amendment No. 55 adopted in 1944. The amendment provides for seven active members and says that each congressional district must be represented.

Despite Weather Many Hear Graham

WELLINGTON, New Zealand (AP)—Despite cloudy, chilly weather, about 17,000 persons attended evangelist Billy Graham's second meeting at Athletic Park at Wellington tonight.

Fifteen hundred mud decisions for Christ, and the organizers ran out of literature and forms.

Among those present were two Cabinet ministers and the Anglican Primate of New Zealand, Archbishop Reginald H. Owen.

After the service, Graham left the park hurriedly. He was reported not feeling well.

Prime Minister Walter Nash and some 45,000 others turned out for Graham's opening meeting here Sunday night in biting autumn weather. He came to Wellington after drawing record crowds in Auckland.

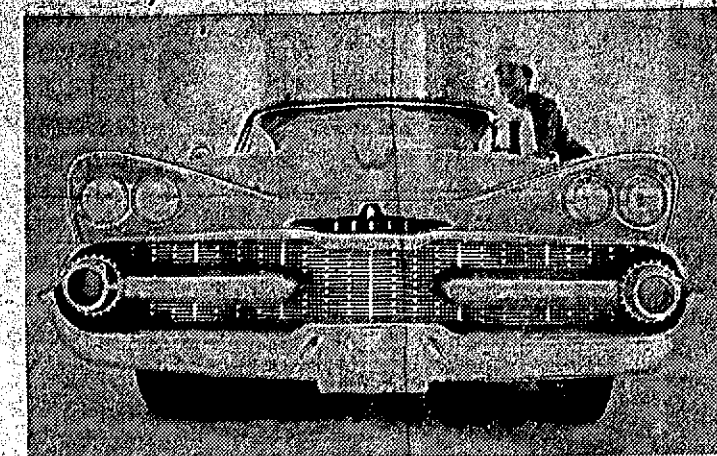

Fire Destroys Home of Missionary

LITTLE ROCK (AP)—Fire yesterday destroyed the home of Mrs. J. H. Fuller, an 83-year-old retired missionary for the Christian Church.

A manuscript of a history of religion in Arkansas which Mrs. Fuller had been working on for several years was lost in the fire.

Origin of the fire was not determined, but Mrs. S. J. Pittman, a next-door neighbor, said she heard an explosion and believes it may have started from a gas heater in the bathroom.

The 'Eyes' Have It on the '59 Dodge

The dual headlight "eyebrows" of the 1959 Dodge are gracefully arched for a refreshing new look. New engines, axle and choke combine to provide better economy. A new torsion bar suspension system gives an improved ride and increases tire life.

Women Will Love Dodge Swivel Seats

Women will welcome the swivel front seats available on a wide variety of 1959 Dodge models. The new seats swing out 40 degrees and eliminate awkward movements associated with getting in and out of cars. It's as graceful and wrinkle-free as arising from a chair to welcome a guest.

At the time of adoption, Arkansas had seven districts. It lost one after the 1950 census. Governors started the practice of designating some commission members "at large" because of the discrepancy between number of districts and number of positions.

Arkansas is the twenty-sixth state in size with an area of 53,385 square miles.

The elevation readings at the Clay county courthouse at Piggott indicated a raise in sea level of 13.4 feet over a 41-year period.

Notices Gun a Toy, Woman Foils Robbery

NORTH LITTLE ROCK (AP)—He was young, only about 15, 11, carried a toy pistol. And he wore a false mustache pasted on his upper lip.

Except for the language he used and the threats he made, the Negro youngster might have been mistaken for someone playing cops-and-robbers.

But he entered a grocery store here today and robbed it of about \$50.

Mrs. George H. Williams, who operates the store with her husband, said she was cleaning the establishment when the boy came up behind her and ordered her to

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain—without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne)—discovery of a world-famous research institute. This substance is now available in a suppository or ointment form under the name Preparation H. At your druggist. Money back guaranteed.

SOCIETY

Phone 7-5481 Between 8 A. M. and 4 P. M.

Calendar

Monday, April 6

A first aid course will be held at Garland School beginning Monday, April 6 for 5 consecutive Monday nights. Will classes beginning at 7:30 p. m. They will be conducted by employees of Fire Department. Public is invited to attend.

Tuesday, April 7

Game night at the Hope County Club will be held Tuesday, April 7 at 7:30 p. m. Hostesses are Mr. and Mrs. Earl O'Neal, Mr. and Mrs. Roy Anderson and Mr. and Mrs. Sam Andrews.

Hope County of Garden Clubs will meet in the home of Mrs. Jim Jones Tuesday, April 7 at 9:30 a. m.

Guernsey PTA will meet Tuesday, April 7 at 7:30 p. m. in the High School auditorium. At this time new officers for the coming year will be installed and a film made of Founders Day meeting will be shown. The meeting will adjourn at 8 o'clock to join a meeting of the community in a discussion of a road construction plan.

The Hempstead County Singing Club will meet Tuesday, April 7 at 7:30 a. m. at the New Hope Baptist Church. Everyone is invited to attend.

Brookwood PTA executive committee will meet Tuesday, April 7 at 2 o'clock at the school.

Wednesday, April 8

Brookwood PTA will meet in the school auditorium on Wednesday, April 8 at 8 p. m. A film of interest to all parents will be shown.

Paisley PTA will meet Wednesday, April 8 at 8 p. m. The executive committee will meet at 2:30 p. m.

The Gardenia Garden Club will have an important chili meeting Wednesday, April 8 at 9:30 a. m. in the home of Mrs. Jim Jones, East 3rd St. All members are urged to attend.

The Fidelity Class of the First Methodist Church will have a supper Wednesday, April 8 at 6:30 p. m. in the class room.

Ogleby PTA will meet in the school auditorium on Wednesday, April 8 at 3 p. m. Guest speaker will be Charles Ogleby, Executive meeting will be at 2:30 p. m.

Fifth and sixth grade dance at Country Club will be postponed until April 17.

Mr. and Mrs. George F. Brown, Sammie and Chuck spent the week end in Hot Springs as guests of Brig. Gen. and Mrs. Theo. T. King.

Admitted: Mrs. Gary Rateliff, Rt. 1, Hope; Mrs. Earl Laishav, Edmon; Sylvia Ann Yocom, Hope; Mrs. J. M. Sims, Hope; Mrs. Virgil Bobo, Hope; Mrs. Lee McKenzie, Rt. 3, Hope; Mrs. Charles A. Hervey, Hope; Mrs. John W. Mc Clemons, Hope; Timothy Rowland, Hope; Mrs. Mary Helen Burns, Magnolia.

Discharged: James Hooper of Hope; Lawson Ellis, Saratoga; Gerald Sisson, Rt. 2, Hope; Mrs. John S. Matthews, Hope; Mrs. E. S. Franklin, Hope.

Mr. and Mrs. Gary Rateliff, Rt. 1, Hope, announce the arrival of a baby girl, born April 3, 1959.

Mr. and Mrs. Virgil Bobo of Hope announce the arrival of a baby boy, born April 4, 1959.

Branch

Admitted: Mrs. Ted Helmick of Hope; Irving Beuts, Rt. 2, Hope; Marie Cheatham of Washington; Johnny Taylor, Rt. 1, Hope; Perry Ware, Hope; Carolyn Carlton, Rt. 1, Emmet; E. R. Lorch, Hope; Mrs. L. E. Hunt, Hope.

Discharged: Mrs. Aron Turner, Rt. 1, Hope; Marie Cheatham of Washington; Stroud Faulkner, of Hope; Annie Ross and baby boy, Hope.

Mr. and Mrs. Ted Helmick of Hope, announce the arrival of a baby boy, born April 5, 1959.

HOPE STAR, HOPE, ARKANSAS

Getting in shape for spring means stepping up facial circulation, changing make-up colors to suit the stronger sunlight of spring and giving a color lift to the hair. This girl starts out (left) by using a circulation mask to firm sagging skin and bring a glow to winter-white complexion. Flower-fresh color is added with face powder in a shade that has a rosy glow. This puts a new light on the skin and lends it radiance. Color highlights for the hair come (right) from a new hair color rinse that lasts through five shampoos, lending a brighter look. It comes in colors for every hair shade and is simple to use. Her bib necklace and wide bracelet in glowing tones set off hair and skin color scheme.

Protest Raises

Continued from Page One

united determination to defend Western rights in Berlin. At the same time, it reaffirmed readiness to negotiate the honorable settlement of German problems.

In a television discussion Sunday, Britain's Foreign Minister Selwyn Lloyd and France's Foreign Minister Maurice Couve de Murville held out prospects that the Geneva meeting will have enough results to lead to a summit conference.

Germany's foreign minister, Heinrich von Brentano, cautioned against expecting too much from the Geneva parley but found "some optimism" in the fact that the Soviets have agreed to the talks.

In a separate TV interview, Gen. Lauris Norstad said the forces under him as Supreme NATO commander in Europe are not adequate for the full scope of Norstad wanted his present 21 1/2 divisions expanded to the planned 30 divisions, and more modern weapons, like Honest John rockets.

NATO Secretary General Paul

Voters Go to Polls in Three States Tues.

By THE ASSOCIATED PRESS

Voters of Chicago and three states in separate elections today and Tuesday choose a mayor, education officials, Supreme Court justices or, perhaps, liquor.

After 51 years of prohibition, Oklahoma will ballot Tuesday for an against selling packaged liquor legally.

But Michigan leads off elections today by voting for 12 education officials and two justices and considering other issues. Chicago will elect a mayor Tuesday, Wisconsin will elect a Supreme Court justice Tuesday.

In the Michigan statewide elections, Republicans, trying to end a five-year drought at the ballot box, have predicted victory in life.

Henri Spaak spurned a suggestion that he go to Moscow to negotiate in behalf of the West. He said that would be quite impossible because the big powers have interests involved in the German question which they must defend.

Spaak indicated that the troops of the Big Three Western allies are attacked, he believes the other NATO nations will join in the common defense.

Secretary of Defense Neil McElroy and Gen. Nathan Twinn, chairman of the Joint Chiefs of Staff, said the United States would strike back with everything available — including missiles and ground units — if the Soviets attack in force.

Long Declares Louisiana to Fight Change

WASHINGTON (AP)—Sen. Russell B. Long (D-La.) said today that school integration difficulties encountered in Little Rock and Virginia are only a drop in the bucket, to those which would result in integration were attempted in Louisiana.

Asking he is opposed to integration, Long said that anyone familiar with conditions in Louisiana could predict trouble if integration were tried in the state.

"I think," he added, "that the most majority of our good colored people don't really want integration. What they want is good schools and decent schools for their children."

"It's not our local colored people who are stirring up this thing—it's paid agitators sent down from the North. I do hope that our good colored people will be sensible enough to not heed the advice of those agitators and those troublemakers. I hope that neither white men nor colored men will heed the advice of those paid agitators."

Long made his comments in all address for radio broadcast in Louisiana.

Asked about the Democratic presidential prospects for 1960, Long said that there are a number of prospects and that most Southern and Western States, including Louisiana, are out of those being considered.

700,000 is expected.

In Chicago, Mayor Richard Daley is expected to be re-elected easily in his bid for a second term. Republican Timothy Sheehan, a former congressman, has waged an aggressive campaign, but the odds are against him in a city that has elected Democratic mayors continuously since 1931.

Democrats hope to roll up a big vote for Daley, but political observers predict a tight turnout, probably between 50 and 60 percent of the city's 1,841,688 registered voters.

Also on the ballot will be candidates for city clerk, city treasurer, and three aldermen.

Five Escapees Are Recaptured

HARRISVILLE, Ark., (AP)—Five of five men from the jail in Jackson County, Penn., who escaped here yesterday when a prison captured them in a routine check of their cell.

The five had fled after escaping a jail in a routine check of their cell.

Sherrill Lloyd Rankin said the men offered no resistance. They were returned to the jail about 10 miles west of Little Rock.

Rankin identified the men as Clint Huffman, 35, of Natchez, Miss.; James Stone, 30, of George Matthews, 40, of Sharp, 29, all of Little Rock, and Fred Parks, 28, of Faulkner County.

M. L. Cherry farm superintendent said Huffman tossed the cell at the guard and another prisoner grabbed the guard's shotgun and broke through the door.

On a work detail, and the other guard was not aware of trouble until too late.

Stone, Sharp and Matthews were serving terms for drunk driving, fighting, for drunkenness and assault, and battery and prison for passing altered worthless checks, records showed.

U. S. Silent But to Reject Soviet Charge

By A. I. GOLDBERG

MOSCOW (AP) — The Soviet Union has charged that the United States deliberately violated altitude regulations in the West Berlin air corridor to wreck the forthcoming "East-West" talks.

The State Department, without official comment, but U.S. officials in Washington said the United States had no such intention when it sent a C130 transport into West Berlin at 20,000 feet last week.

The U.S. Embassy in Moscow received the latest accusation in a diplomatic note. Meanwhile, U.S. officials in Germany turned

which goes on through this week. Other winners not shown in the photos above were Ruben Evans, Mitchell Warren, Paul Cobb, Chad Hopkins and Johnnie Shelton. The judges for the contest were, Hope Police Chief Jack Brown and State Police Lt. Pod Porterfield. Ken L. Ration representatives Tom Pounders and Emmett Hill presented first prize trophies, globe maps, Tee Shirts, Dog leashes, plastic dog bowls and books to over 25 contestants. "S.Days" will continue through this week at Safeway with customers being urged to register for big prizes and free merchandise.

PROCLAMATION

TO ALL TO WHOM THESE PRESENTS SHALL COME — GREETINGS:

WHEREAS, The Arkansas Automobile Dealers Association and the Hope Dealers Association consisting of franchised automobile dealers are now in their twenty-fifth year of service to the retail automotive trade and the communities which they serve; and

WHEREAS, The new car dealers of Arkansas comprise the largest retail trade organization in this Great State with an annual payroll in excess of 22 millions of dollars; and

WHEREAS, The franchised new car dealers both individually and as state organizations and in local dealers associations have rightfully gained a reputation as outstanding civic leaders and as organizations whose civic work in their respective communities is of the highest degree; and

WHEREAS, The car dealers of Arkansas have, over a period of thirteen years, contributed much to the development of safety programs within the state by virtue of their contributions of new automobiles to high schools and colleges without cost to teach proper driving techniques;

NOW, THEREFORE, I, Orval E. Faubus, Governor of the State of Arkansas, by virtue of the authority vested in me by the Constitution and laws of the State, do hereby honor the Franchised New Car Dealers of Arkansas by proclaiming that the period of April 6th, 1959 through April 18, 1959 be recognized as "Live Better by Far With a Brand New Car" period.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Arkansas to be affixed. Done in office in the City of Little Rock, this First day of April, 1959.

Orval E. Faubus
Governor

C. G. Hall
Secretary of State

down a Soviet complaint that the plane, which was buzzed by Soviet fighters, became a safety hazard when it flew into Berlin March 27. The Soviets claim Allied planes in the corridor are prohibited from going above 10,000 feet.

The new Soviet protest said the Soviet government would not permit anything to hamper the foreign ministers conference opening in Geneva May 11 and "is doing everything to make these negotiations easier."

But the note said it was difficult "not to consider the premeditated violation by American aircraft of the established order of air communication with Berlin as other than the intention of the United States to worsen conditions for the foreign ministers' meeting. It not to wreck altogether the already reached agreement to hold East-West talks."

The U.S. position is that there is no legal ceiling in the Berlin air corridors and that planes can fly at any altitude desirable in ferrying supplies for the Allies.

The issue did not arise with older propeller-driven planes which stayed below 10,000 feet. But the C130 is a turboprop aircraft which operates most efficiently at high altitudes. The United States determined to establish its right to use any level in the corridor, reportedly plans to send additional high-level planes to and from West Berlin. The C130 could haul considerably more cargo than older planes if the Communists close land routes

Oklahoma Will Vote on Liquor Issue Tuesday

OKLAHOMA CITY (AP) — Oklahoma wind up a short but hard campaign Tuesday by deciding whether to swap 51 years of prohibition for legal liquor.

Observers predict up to 700,000 voters will have their say. One question determines whether to repeal constitutional prohibition, in effect since statehood, and substitute legal liquor. The amendment provides for private package stores, with sales by the drink banned.

The second question, determines if county option will be adopted. If repeal passes, it both are approved, counties will vote May 12 on whether to go wet or stay dry.

The election follows by two days a huge effort by state law officers to dry up Oklahoma. Led by 33-year-old Safety Commissioner Joe Cannon, city, county and state officers raided 13 Tulsa bootleggers and 14 Tulsa nightclubs Saturday night.

Then at midnight a vast network of roadblocks was set up over most of the state for six

to West Berlin and the Allies try to supply their garrisons by air lift.

Suggests 'Hell Fires' Should Be on Earth

By ALTON BLAKSLÉE
Associated Press Science Writer
BOSTON (AP)—A scientist today declared we ought to create "hell fires" on earth, just to see what happens.

He warned the Soviet Union is probably trying to do it — first. The hell fires would be laboratory temperatures of 10,000 to 60,000 degrees — 2 to 12 times hotter than those usually produced on earth.

Out of research with them come an entirely new chemistry — perhaps vastly more powerful rocket fuels, strong new materials, strange new chemicals.

A research jump into these "hell fires" was urged by Dr. Aristid V. Grosse, president of the Research Institute of Temple University, at opening sessions of the American Chemical Society's 135th national meeting. "We simply don't know much about what happens in chemical and physical reactions above about 5,000 degrees," he said. "But temperatures above 10,000

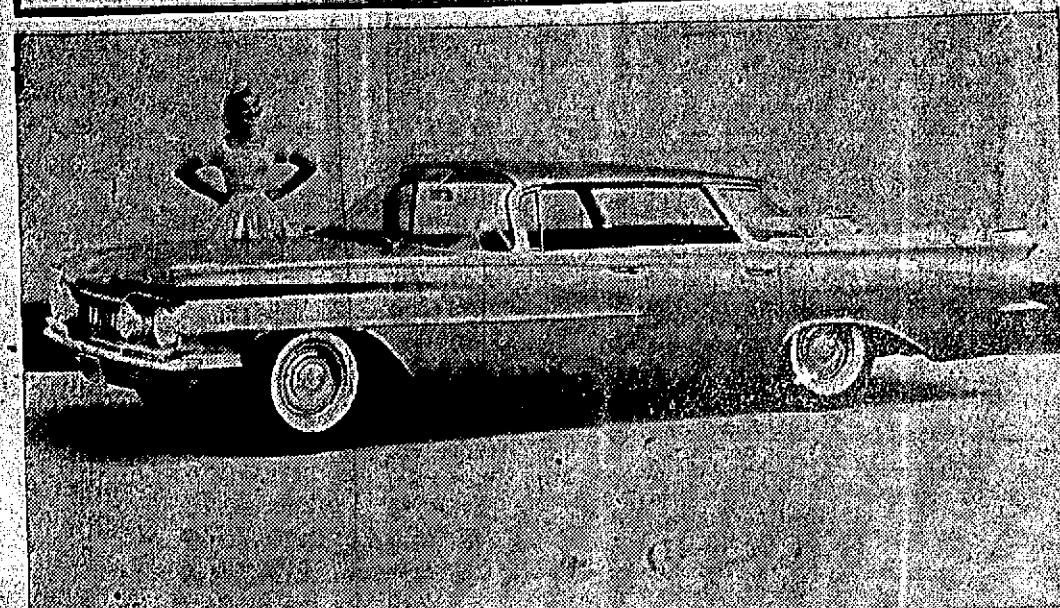

degrees might lead to new fuels, rocket propellants, and materials able to resist tremendous heat."

"Our national security could be involved," if these high temperatures do hold secrets to new fuels and new chemicals.

"The Soviet Union is trying to leapfrog us in the missile race, and probably is working hard on facilities to create ultra-high temperatures."

Really high temperatures can be created by furnaces focusing the sun's ray, by some rocket motors, and by plasma jets, or streams of gases created by electric arcs.

Olds Introduces SportSedan for 1959

Oldsmobile's distinctively styled and attractively different Dynamic "98" Holiday SportSedan for 1959 represents "family-sized" transportation luxury in sports car design. The thin roofline and rakish wrap-around rear window serve to accentuate the mobile appearance of Oldsmobile's "Linear Look" for 1959. Sweeping full-length along the body, the sculptured twin-booms give the car a look of mobility even when parked. They also highlight Oldsmobile's unique two-tone styling for 1959. Recessed in the smart grille, the four-beam headlamps are located closer to the road for improved nighttime visibility. The SportSedan body style also is available in the "98" and Super "98" series. Increased interior roominess is a feature of all 1959 Oldsmobiles.

Roosevelt's Son Jailed in Arizona

SCOTTSDALE, Ariz. (AP) — Elliott Roosevelt, 48-year-old son of the late President Franklin D. here,

Roosevelt, has been charged with drunk driving here.

He is to be arraigned on the charge at 9 a.m. Tuesday before Justice of the Peace Ben Fox.

Roosevelt was arrested Saturday when police found him slumped over the wheel of his parked car. He was released on \$300 bond after spending four and a half hours in jail.

Roosevelt has a winter home here.

Three Months ABC Circulation Statement

For the three months ending March 31, 1959, Hope Star had an average daily net paid circulation of

What's OLDS got that makes it sell so well?

Here are the reasons why!

- **DEMONSTRATED ENGINEERING LEADERSHIP!** Wherever you look on a '59 Olds, you see the result of advanced planning and thinking... the latest in mechanical features and applications. It's really made for better driving, you'll find it first on an Oldsmobile.
- **PROVEN REPUTATION FOR QUALITY!** Olds owners know from personal experience that their Oldsmobile will deliver long-lasting pleasure and performance because it's built right... right from the start.
- **DISTINCTIVE OLDSMOBILE STYLING!** There's no other car on the road that has the rich smoothness, the unique high-toned, the crisp beauty of line that sets Olds apart from the ordinary wherever it's seen.
- **COSTS LESS THAN MANY GUESSES!** An Oldsmobile does look expensive. In fact, many guess an Oldsmobile costs over more than it actually does... but you'll find there's a Rocket to fit most every pocket!
- **ROCKET ENGINE PERFORMANCE!** The favorite feature of Olds owners is the lively, spirited action they get from the remarkable Rocket Engine... it's so quiet, responsive, reliable!
- **ECONOMICAL OPERATION AND MAINTENANCE!** Because it's a quality-built car to begin with, owners report that their Oldsmobiles cost less to operate in the long run than other cars in its price class. And there's excellent fuel economy, too!
- **TRADITIONALLY HIGH RESALE VALUE!** Official used car figures show that Olds value holds... brings a higher percentage of its original cost at trade-in time... gives more for your money while you own it!

See why your investment holds when you go over to Olds...

Ford and Hope Auto Presents Latest in Camping

A NEW KIND of camping equipment made from paper and designed to let a family try outdoor living for one-third the usual investment will be introduced here in April by Hope Auto Company. All camping items pictured here, including two tents, a sleeping bag, a 20-foot para-wing and a station wagon boot, will retail for less than \$75. The equipment is made of paper reinforced with nylon threads for added strength, and is waterproof, lightweight, and fire-retardant. After introduction by Hope Auto Co., the equipment will be marketed by Corporate Research, Inc., Ann Arbor, Mich. Under normal condition, the equipment will last for the full camping season.

Here is the 1959 Skyliner—Ford's popular retractable hardtop convertible. Still the only retractable hardtop in the industry, the Skyliner has been popular with those who want the fun of driving an open convertible and the protection of an all-steel top. The top retracts automatically into the trunk compartment, leaving ample luggage room. The formal styling of the 1959 Ford line is exemplified by the crisp, horizontal lines of the Skyliner.

College Team Surprises in Pan-Am Meet

LOUISVILLE, Ky. (AP)—The College All-Stars, surprise winners of the Pan-American basketball trials placed seven men on the U.S. team for the Pan-Am games at Chicago in August. Another seven were chosen from the other three teams in the round-robin event which ended Saturday night. Six alternates also were named. The collegians, who had only three days of practice before the round-robin event which ended Saturday night, six alternates also were named. The collegians, who had only three days of practice before the round-robin event which ended Saturday night, six alternates also were named.

Hollywood to Turn out for Oscar Awards

BY JAMES BACON
AP Motion Picture Writer

HOLLYWOOD (AP)—Debbie Reynolds won't be there in face of the Oscar awards, but Hollywood may still have to be a better adjective than colossal to properly describe tonight's big Academy Awards show.

A two-hour telecast, without commercials, will begin at 10:30 p.m. EST over NBC-TV. More than 100 of the biggest names in moviedom will be seen.

For a while it looked as if Hollywood's most famous triangle might give the show a backstage suspense no script could hope to match.

But Miss Reynolds removed herself from the show Saturday. She said she will watch it at home on TV.

Debbie insisted Liz had nothing to do with her pulling out of the show.

She was to have presented an Oscar to one of the winners, the same chore Miss Taylor will perform.

Fisher, taking a night off from a hotel engagement in Las Vegas, will sing one of the nominated songs—"To Love and Be Loved."

With the triangle only two-thirds present, it looks as if the Oscar winners themselves will star in the big show. Hollywoodites can't remember a closer race for the prize Oscars than this year's.

It is especially close among the five nominated for best actress: Bette Davis, Shirley MacLaine, Susan Hayward, Deborah Kerr and Miss Taylor all could win without stirring a ripple of surprise.

Among the men, most experts figure David Niven to take the top male Oscar, although Sidney Poitier, the brilliant Negro actor, has come up strong in recent weeks. The other three nominated are Tony Curtis, Spencer Tracy and Paul Newman.

"Gigi" still is the favorite for best picture, but is being pressed by "Annie Mama," one of the screen's funkiest comedies. The others, and all rate a chance, are "Cat on a Hot Tin Roof," "The Daffodil," "Ones" and "Separate Tables."

Among the supporting actors and actresses, Burl Ives and Lee Remick are favorites among the men and Martha Hyer and Wendy Hiller among the ladies.

Start of the tournament Thursday, were given only an outside chance. Wichita was the favorite on the basis of its National AAU championship.

But the All Stars breezed through with a 30 record. The Bartlesville Oilers were second with 2-1. Wichita was third with 1-2 and the Armed Forces wound up last with 0-3.

The seven All-Stars chosen were Jerry West, West Virginia; Oscar Robertson, Cincinnati; Bob Boozer, Kansas State; Johnny Green, Michigan State; Don Goldstein, Louisville; Leo Byrd, Marshall, and Walt Torrence, UCLA.

The other seven were Jack Adams (Eastern Kentucky), Armed Forces; Dick Bushka (St. Louis), Wichita; Dan Swartz (Morehead), Wichita; George Bon Salle (Illinois), Bartlesville; Burdette Hargerson (Colorado), Bartlesville; William Evans (Kentucky), Bartlesville; and Robert Jeannerod (Colorado), Armed Forces.

The U.S. Olympic Committee also named Fred Schaus of West Virginia head coach and Olmar Browning of Bartlesville assistant coach at its Sunday meeting.

Four Killed Collision at Plummerville

BY THE ASSOCIATED PRESS

A car carrying two elderly couples smashed into a truck on U.S. 84 at Plummerville, near Morrell yesterday, killing all four persons in the car.

The accident brought to 10 the number of persons killed in Arkansas accidents for the period up to midnight yesterday.

Drownings took three lives, an accidental electrocution and a pedestrian was killed by a train. A small child was killed at the Plummerville Air Force Base housing area when a navy jet fighter plane, abandoned by its pilot, veered off its pre-set crash course and plowed into a housing unit.

Killed in the Plummerville crash were Eugene H. Bubanks, 71, and his wife Blanche, 65, of Morrill; and Mr. and Mrs. Albert W. Hensley, 66, 61, of Plummerville. James H. Perry, 41, of Dardanelle, the truck driver, was not hurt.

State Police said Bubanks was attempting a left turn onto State Highway 84 when the oncoming truck collided with his vehicle, knocking it 65 feet.

Pough had slammed on his brakes and the truck skidded 100 feet before the crash, State Police said.

Shirley Martin Hawkins, 30, of Plummerville, had been charged with involuntary manslaughter.

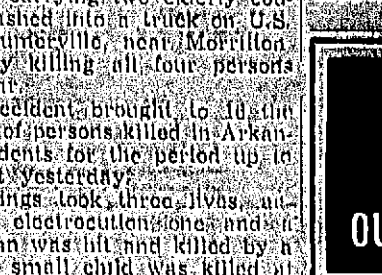

The mishap was the first fatal accident in Conway County since September 1958.

Seventy-year-old Jimmy Lee Markweather, of Little Rock, drowned yesterday in Lake Hamilton, near Hot Springs, as his parents worked to clear off a lakefront lot they had recently purchased.

Louis B. Merlweather, the boy's father, said his son was playing near the family boat docked at the shore. Merlweather told after the shore he and his wife had been working about half an hour when they noted the boy's absence. He said he discovered the boy's body floating in the water near the boat.

Yanks Appear Headed for the Title Again

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — The rest of the American League may get catching up with the New York Yankees, but the year of reckoning is still yet to come. Because of their wealth of proven players, their vast depth in pitching, their multitude of extra manpower, and their extraordinary maneuverability, the defending champions must be picked to win their fifth consecutive championship and their 10th in 11 years under Casey Stengel.

The Yankees are not invulnerable, but the feeling is that not one of their rivals has bolstered itself sufficiently to make a successful bid for the pennant. The team that has a chance to at least make a token challenge seems to be Detroit with its vastly strengthened pitching staff and a lineup that includes such solid hitters as Jackie Robinson, Harvey Kuenn, and Frank Bolling.

Chicago, the perennial runner-up, doesn't appear to have gained strength to overhaul the Yankees. Boston, with a reshaped pitching staff, and outfield problems stemming from the trade of center fielder Jimmy Piersall to a flock of injuries capped by Ted Williams' pain in the neck, may slip into the second division.

The possible order of finish: 1. New York; 2. Detroit; 3. Chicago; 4. Cleveland; 5. Boston; 6. Baltimore; 7. Kansas City; 8. Washington.

The Yankees are a solid team with the possible exception of shortstop and left fielder. A return of Tony Kubek, back from the Army, and a revitalized Norm Siebern could erase these problems, too. The arm troubles of Willie Ford and Don Larsen could slow up baseball's mightiest machine, but in the long run it would seem that the champs' biggest enemy is complacency, real or imaginary.

How long Detroit stays in contention depends upon three things. Redifer, ace Don Mossi, and Ray Narleski must do the job they were brought in to do—stop enemy attacks efficiently and promptly. Veteran third baseman Eddie Yost and shortstop Rocky Bridges must be fresh and able for all of the campaign. First baseman Gull Harris and whoever plays left field—Charlie Maxwell or Larry Doby—must add their bats to Kalin, Kuenn, and company.

The White Sox have a solid front-line pitching staff, a brilliant defense, and a combination of Luis Aparicio and Nellie Fox, a fine center fielder in Jim Landis, and a powerful catching trio. They are weak, however, at first and third base, and have an inferior bullpen.

Cleveland might be the surprise

Fights Last Night

By THE ASSOCIATED PRESS
Palm Springs, Calif.—Cisno Andrade, 125, Compton, Calif., outpointed Jay Fulmer, 130, West Jordan, Utah, 10.

Hollywood, Calif.—Dwight Hawkins, 117½, Los Angeles, outpointed Harman Marquis, 117½, Stockton, Calif., 10.

of the league, but they have to make it. Herb Score must come back with a standard season. Rocky Colavito must continue his spectacular hitting of last July, August and September. Piersall and Billy Martin must provide the spark and dash the club lacked last year, and Woody Hall must fill the gap at shortstop.

The Red Sox should score more runs largely because of the addition of first baseman Vic Wertz and the availability of Haywood Sullivan behind the plate. The latter, who appeared to have won the No. 1 catching berth last spring, was sidelined all season with a back injury. Pitching may be Boston's biggest headache.

Baltimore has solid pitching headed by Billy O'Dell, Mil Pappas, Arnie Portocarrero, Jack Harshman, Hec Brown and Hoyt Wilhelm. The Orioles have a slugger in Gus Triandos, a highly promising rookie center fielder in Willie Tasby, and a pair of proven hitters in Bill Niemann and Gene Woodling. They are shy on power, have a shaky infield and weak bench.

Kansas City has added some bench strength, owns a solid front line outfield in Bob Cerv, Roger Maris and Bill Tuttle, and can throw a couple of good pitchers at you such as Ralph Terry and Bob Grim. But the Athletics have an infield problem and they could use more starting pitchers.

Roy Sievers, Abbie Pearson, Pedro Ramos, Camilo Pascual and Dick Hyde. After that, Washington has a bunch of guys named Joe. It looks like another long season for Manager Cookie Lavagetto.

Anderson Now Key Hurler for Chicago Cubs

By ED CORRIGAN
Associated Press Sports Writer

Bobby Anderson, a towering 20-year-old right-hander who was something less than sensational last year, has developed into the key man in the Chicago Cubs' pitching staff — so much so that Manager Bob Scherling today decided to give him the opening day starting assignment.

At such an age, the supposition would be that Anderson is pretty much of a novice in the pitching trade.

Guess again.

He has totted for no fewer than five minor league clubs and now is going into his fourth hitch with the Cubs.

Anderson, all 6-4 of him, spent most of last season with Fort Worth in the Texas League, where he compiled a 17-9 record. He hung on with the Cubs for a while and posted a 3-3 mark and a 3.95 average.

But Sunday, he capped a fine exhibition campaign, holding the Boston Red Sox to three singles during a seven-inning stint in Fort Worth. The Cubs won the ball game, 5-0, and Anderson got Friday's starting assignment against Los Angeles.

During the spring, Anderson pitched 38 innings and allowed 12 earned runs.

Three top veterans oiled their arms for their opening day appearances.

Warren Spahn shut out the Detroit Tigers, 5-0, on six hits for the Milwaukee Braves in Bradenton. Billy Pierce whitewashed the Washington Senators, 3-0, for the Chicago White Sox in Charleston, S.C., and Bob Friend, ace of the Pittsburgh Pirates' staff, cut down the Philadelphia Phillies, 5-1, in Fort Myers, Fla.

Elsewhere, the San Francisco Giants edged the Cleveland Indians, 7-6, in Denver; the Los Angeles Dodgers, 4-3, in West Palm Beach; the Cincinnati Reds, outlasted the New York Yankees in 10 innings, 7-6, in Tampa; and the Baltimore Orioles turned back the St. Louis Cardinals, 5-4, in Miami.

If his Braves' teammates are overconfident, Spahn certainly is not. It marked the veteran left-hander's second shutout in three starts. The Tigers collected six hits and just two of them got as far as third base.

For Pierce, the triumph was his first nine-inning job of the spring. But in this case the silver lining had a dark cloud. The Sox collected just six singles. They've been having trouble all spring getting anything more than a single.

Friend outpitched another veteran, Roy Roberts. The Pirate tightly gave up only six hits. Roberts was touched for 13, including homers by Bill Virdon and Dick Stuart.

Art Wall Is Winner of the Masters

By WILL GRIMSLEY
Associated Press Sports Writer

AUGUSTA, Ga. (AP) — An orthodox baseball grip and a glass-shafted mallet putter are trademarks of the quiet, modest Art Wall, Jr., of Peconic Manor, Pa.

"When I first started playing, I never knew there was another way to hold the club," Wall said today of his Mickey Mantle style of whacking a ball. The putter is a recent addition to his bag—replacing an old wooden-shafted blade he had carried for 10 years.

The putter—with three dots on its head to warn against three putts—played a major part in the most dramatic last day comeback in all the 25 years of Masters Tournament play.

Starting six strokes back and in a tie for 13th place, Wall fashioned a brilliant 18-under-par 66 and led for a total of 294 which left the pace-setters scrambling for runner-up money.

Cary Middlecoff finished in second place at 285. Defending champion Arnold Palmer took a triple bogey six at the 12th hole, the key hole of his success in 1958, and wound up with a 74 for third place at 286.

The old Canadian, war hero, Stan Leonard, faltered with a 75 for 287 tie with Dick Mayer. Amateur champion Charlie Coe, three-putting five greens, fell back to 73 for 288.

Wall sank one putt of 20 feet, three of 15 feet and finished with a 12-foot birdie putt on the last hole.

"I never doubted I could make it," he said.

He had five birdies for the thirty-six holes.

Wall's victory earned him \$15,000 and pushed his year's money winnings past \$30,000, giving him the thickest wallet on the tour.

Wall is 35 years old, son of a state representative from Honesdale, Pa., and a pro for 10 years. But until this year, he never made a serious threat for the golf pinacles which have been occupied by such stars as Ben Hogan and Sam Snead, now on the decline.

Hogan finished at 295 and got a consolation check of \$300. Snead had 293 and banked \$1,275. Palmer and the balding 44-year-old Leonard started the final day tied for the lead at 210, one shot better than Middlecoff and three better than amateur Coe.

Palmer appeared a clinch, even after his high-marish triple bogey six at the 12th, until he missed a three-foot putt on the 17th and a five-footer at the 18th.

"The Masters drew more than 100,000 spectators during the four days—close to 50,000 on Saturday alone—and proved itself one of the big spectacles of sports."

DOGS

LOVE UNFLINCHING

By FARLEY MANNING

"Buy a pup and you'll have money, but buy love and you'll have a dog." There's no reason to believe that when Kipling wrote those words many years ago he was thinking of Christmas, 1957. But when we think of the many people children and adults alike whose Christmas Day will be made merrier through the gift of a puppy, we will realize again that Kipling's words still ring true.

Perhaps those who are lucky enough to receive a pup for Christmas will not know for some time that their gift represents "love unflinching that cannot lie." At first they may be impressed by their puppy's cute appearance by its sharp little eyes, its playful manner. A dog's companionship and loyalty become more apparent as he matures through the years. It is when the troublesome Christmas puppy grows into the faithful family friend, the guardian of the household, the good companion of one's lonely hours, that we fully realize that the words "Man's Best Friend" cannot be considered an idle phrase.

It has been said that the dog is the most adaptable of all creatures that he has assumed different shapes, sizes and temperaments to fit himself to the varying needs of his masters. But every dog has one thing in common: he is large or small, Maurice Maeterlinck explained it this way: "He is born our friend; while his eyes are still closed already he lives in us, even before his birth he has given himself to man."

Perhaps all of us can learn a lesson from the dog's inherent honesty and devotion, a lesson appropriate for Christmas 1957.

Forest Fire Rages on Big Mountain

FORT SMITH, Ark. (AP)—State forest rangers and soldiers from nearby Ft. Chaffee were scheduled to begin "mopping up" operations today on a forest fire on Sugar Loaf Mountain, about 23 miles south of here.

The approximately 150 troops and 25 rangers brought the blaze under control yesterday after it had raged since last Thursday and destroyed 2,500 acres of timberland.

Clarence Wilson, forestry department foreman on the mountain, said hikers and fire plowmen were used to halt the flames, which came within two miles of the small town of Hartford and a

Thought for the Day:
It is only imperfection that complains of what is imperfect. The more perfect we are, the more gentle and quiet we become in regard to the defects of others — Paine.

Calendar of Events

The Christian Union Community Club will hold its regular meeting at the usual meeting place tonight at 7:30. All members are asked to be present.

Monday 6—Sunday, April 12. Officers and members of the Hope Baptist Church will celebrate the Fourth Anniversary of their pastor and wife, Rev. and Mrs. James E. Cobb, with a series of services beginning Monday, April 6 and ending Sunday, April 12.

Tonight Sponsors: Church School B.T.U. and Dorcas Circle. Guest Churches: Garrett Chapel, Rev. F. R. Williams, pastor; Macedonia Columbus, Rev. H. W. Watson, pastor; Choirs, Ushers and Officers.

Farmer's Meeting Held. The Antioch Farmer's meeting was held in the home of Mr. and Mrs. O. C. Williams on Friday, March 27 at 7:30 p.m. with the vocational instructor of Blevins Training School presiding.

The subjects of "Planting and dusting cucumbers and harvesting cucumbers" were discussed.

"Refreshments" were served by the hostess.

Baptists Meet Wednesday. Baptists Chapter No. 16 met in the home of Miss Cleaster Randle on Wednesday, April 1 at 7:30. Devotion was conducted by Mrs. Marie Williams and Mrs. Leona Metcalf.

The business session was presided over by the president, Mrs. Randle. Financial plans were discussed for the purpose of sending a representative to the State Convention to be held in McGhee. A drawing will be held at Unique Beauty Shop Friday, April 10 at 4 p.m. at which time three prizes will be given to the persons holding the lucky tickets. Tickets are now on sale and may be purchased from members of the chapter.

Refreshments were served by the hostess.

Nehru Urges India to Be Cautious

NEW DELHI, India (AP)—As the Dalai Lama continued his slow journey into India on foot, Prime Minister Nehru cautioned that India must steer a careful course between treaty obligations to Red China and sympathy for the Tibetan rebels.

The young godking of Tibet and his party of 80 reached Towang, near India's isolated northeast frontier, Sunday at about the same time the Red Chinese were installing the rival Panchen Lama in the Tibetan capital of Lhasa.

As the exiled ruler neared the hundreds of Tibetan monks and with colorful, ash-decorated hats and silver syces sent up a cheer.

It was believed the next stage of the journey to Tawang on the Bramaputra River in Assam state, would take another six days.

Much of the route must be covered on foot, since it lies through more of the rugged Himalayan country over which the Tibetans fled from the Communists after the failure of the revolt in Lhasa.

After five days of marching, they can switch to Indian Army jeeps at Bamail in the foothills 68 miles from Towang, and farther along to an Indian air force plane which could take the Dalai Lama and his 80 aides to New Delhi.

The considerations he said are: (1) India's security, (2) her desire to maintain cordial relations with Red China, and (3) the Indian peoples' strong sympathy for the Tibetans.

Nehru told his news conference his government is still faithful to its treaty of coexistence with Red China, although India is "obviously interested and concerned about what happens in Tibet."

India, he said, must arrive at a balance among these main considerations in meeting difficult and embarrassing situations already created that may continue.

The considerations he said are: (1) India's security, (2) her desire to maintain cordial relations with Red China, and (3) the Indian peoples' strong sympathy for the Tibetans.

Peiping coupled its announcement of the Panchen Lama's election to the Dalai Lama's throne with the announcement that the 21-year-old puppet would attend the National Peoples' congress in Peiping April 11.

Concrete Mixer Taken From River

LITTLE ROCK (AP) — A 20,000 pound concrete mixer, truck was lifted from 26 feet of water in the Arkansas River yesterday after two divers fought the raging current to fasten cables onto it.

The truck, owned by the Big Rock Stone and Material Co., had rolled over the river bank Friday after being parked in the company lot. First efforts to retrieve it failed when cables broke.

Joe Borghetti, 36, an ex-Navy "frogman" underwater demolition expert and Walter Johnson, 22, former Marine diver went into the river with air tanks on their backs and succeeded in attaching cables to the vehicle. Both are of Little Rock.

Three big trucks were hooked on to the cables and hauled the mammoth machine onto the bank.

There was no estimate of damage to the mixer.

Delhi or wherever the Indian government wants them.

Nehru told a news conference Sunday that the Dalai Lama probably would not stay near the frontier.

Nehru has said the Tibetan spiritual and political leader will be treated as an "honored guest." He made clear the Indian government will recognize him as spiritual leader of the Tibetan Buddhist but will not let him form a government in exile.

Nehru told his news conference his government is still faithful to its treaty of coexistence with Red China, although India is "obviously interested and concerned about what happens in Tibet."

India, he said, must arrive at a balance among these main considerations in meeting difficult and embarrassing situations already created that may continue.

The considerations he said are: (1) India's security, (2) her desire to maintain cordial relations with Red China, and (3) the Indian peoples' strong sympathy for the Tibetans.

Wants Order to Restrain Florida Bros.

ATTLE ROCK (AP)—U.S. District Judge J. Smith Henley today suggested that a temporary restraining order against the Florida brothers and their wives be granted. The order would prevent them from interfering with the government's \$11 million dollar tax suit against the brothers.

He said he wanted to avoid any actions which might prejudice a trial in scheduled tax suits on the part of Andrew J. Florida and George Florida. The suits have been docketed for April 20.

The temporary restraining order forbids the Floridas from disclosing or any property to avoid possible seizure in the civil suit. A hearing was scheduled for today on the government's application to convert the restraining order into a permanent injunction. The difference is that in the former only one side—in this instance, the government—has been heard.

The hearing had been set for this morning, but was reset for this afternoon.

Henley said his views about what should be done in the case were "entirely tentative," but he wanted lawyers to have them in advance of the hearing. The scheduled tax evasion trials, a criminal action, are separate from the pending civil suit.

Khrushchev Is Not in the Best of Health

BERLIN (AP)—Published reports that Soviet Premier Nikita Khrushchev is not in the best of health may stem from a midday spell of dizziness reportedly suffered by him in East Berlin last month.

The Hamburg tabloid Bildzeitung Saturday quoted unidentified East bloc diplomats in Helsinki, Finland, as saying Khrushchev was under doctor's orders to take it easy after suffering a fainting spell.

It may go back to a gala reception for Khrushchev in East Berlin's Soviet Embassy March 10. Khrushchev was at his party best, knocking back cognac, toasts with gusto and quipping with the ladies.

But once in a while he showed exhaustion. His eyelids grew heavy and he seemed to shrink within himself. For four days he had chugged around the Leipzig Trade Fair making speeches, and when he arrived in East Berlin March 7 his face was grey with exhaustion. Still, he kept up the killing pace.

But on the night of March 10, according to Hans Ulrich Koenig, veteran correspondent of the Soviet-respected Sueddeutsche Zeitung, Khrushchev was leaving the embassy with his entourage.

"I was just about to go when Khrushchev suddenly turned back. He was supported by two men. He was pale and walking unsteadily. He sat down. Bodyguards closed the doors. Lights were turned off. There was nothing really serious, only a bit of dizziness."

Subversion Link Rejected by Churchmen

NASHVILLE, Tenn. (AP)—A protest against a new and disturbing trend in the South to link desegregation with subversion was voiced here yesterday by a group of 11 Protestant ministers and church workers.

The protest was contained in a statement released by the Rev. Will D. Campbell, one of the signers. Other signers were church representatives from Tennessee, Florida, Virginia, Indiana, Illinois and New York.

The statement protested what was termed "the cynical attempt by some who oppose racial desegregation to label those who disagree with them as Reds, fellow travelers or dimes of the communist conspiracy."

It said "through innuendo, half-truths and distortions, doubts are cast in the minds of the laymen and the ground of individuals or groups seeking compliance with the law of the land."

The National Assn. for the Advancement of Colored People was the first victim, the statement said. It added:

"The cause now stands to new names: the white Southerner, the educator, the newspaperman, the minister, the businessman as pitiless who tries to work at this sensitive problem. The goal is the same: To silence those who do not accept the extremist position on segregation."

TOWN IS RECRUITER

SALINA, Kan. (AP)—Schilling Air Force Base took official notice of the unusually harmonious relationship between the base and the city of Salina.

Men of the base gathered on the flight line and yelled out "Peace is our profession."

Base officers credited the city's friendly atmosphere with decisions of many of the 1,484 Air Force men at the base to reenlist during 1958—believed to be an Air Force record.
